Approval of Budget

OCDSB Approves \$864.8M Budget For School Year 2016-2017

June 13, 2016 Ottawa, ON – The Ottawa-Carleton District School Board has approved an \$864.8 million budget for school year 2016-2017.

The 2016-2017 Budget represents the second year of a three year plan to more closely align spending with Ministry of Education funding levels. The largest budget investment is in the area of instruction where \$636.7 million is allocated - representing almost 74% of the total annual budget. Additional areas of investment include \$88.2 million to school facilities, \$40.8 million to amortization, \$37.9 million to transportation, \$18.3 million to central administration, \$16.3 million in extended day and childcare, \$9.7 million in debt repayment and \$9.6 million to continuing education.

In developing the budget, staff and trustees were guided by the following principles:

- Where possible enhance student learning through program reviews and optimize any grant funding opportunities;
- Improve business and operational efficiencies to generate savings and /or new revenue;
- Review staffing allocations models to ensure equity, reduce duplication/overlays, and ensure sustainability in alignment with funding levels;
- Use attrition as the mechanism for Full Time Equivalent staffing reductions wherever possible;
- Look for opportunities to defer expenditures until savings can be generated in future years from more efficient use of space

Chair of the Board Shirley Seward said, “It was a challenging budget, but under the direction of Budget Chair Keith Penny, trustees worked diligently to identify budget changes that aligned with the District’s core mandate. All decisions were looked at through the lens of equity, while respecting the fiscal realities facing the District.”

Approval of Budget

Director of Education, Jennifer Adams said, “Every effort was made in the preparation of this budget to recommend changes that maintain our commitment to student achievement and well-being. I would like to thank our staff, trustees, budget committee members and our partners for the time and interest they invested in our budget process.”

The approved budget positions the school district well for the 2016-2017 school year. In September, the OCDSB will proudly open three new elementary schools in high growth areas which is expected to have a positive impact on elementary enrolment. In addition, the district will begin a multi-year accommodation review allowing the opportunity to identify and implement changes that will improve learning opportunities for all students; the consolidation of underutilized pupil space; and the reinvestment of savings to more direct services for students.

The Ottawa-Carleton District School Board provides quality education to nearly 73,000 full and part-time students from junior kindergarten to grade 12; including adult learners enrolled at our Adult High School and Continuing Education programs. The Board currently operates 116 elementary and 26 secondary schools, as well as a number of specialized education centres and programs.

Debt and Other Expenses - Staff on Loan

At times District staff participates in professional development opportunities or accept administrative roles with other organizations. Such activities are commonly in support of Board or Ministry initiatives or, in the case of representation of the various bargaining units, by respective collective agreements. Employees participating in staff on loan arrangements remain on the District's payroll; however, compensation costs are recovered from the organization to which the employee is seconded. Costs recovered are reported as revenue as directed by the Ministry of Education.

Debt and Other Expenses - Ottawa-Carleton District School Board Child Care Centres

The District assumed the operations of the Ottawa School Day Nursery (OSDN), effective September 2013. OSDN had offered a range of child care services at a number of the District's schools. Care for school age children was combined with the District's Extended Day Program when operations were assumed. The remaining operations, presently called the Ottawa-Carleton District School Board Child Care Centres (OCDSB CCC), are licensed daycare programs which continue to be offered at four school sites: Frederick Banting Alternate and Adult High School host preschool programs and Woodroffe and Rideau High Schools offer infant, toddler and preschool programs.

Debt and Other Expenses - Facilities Renewal Plan

Each year, a portion of funding received through the Ministry's Grants for Students Needs is set aside to renew school facilities or provide temporary accommodation. The funding is further divided into operating and capital components. The operating expenses funded by the provision reflect the costs of maintaining facilities to established standards or to meet the costs associated with portable classrooms.

Expenditures – Debt and Other Expenses

Debt and Other Expenses - Debentures and Long Term Debt

The District invests in buildings, furniture and equipment which are necessary for ensuring an effective learning environment. These investments result in ownership of assets that are used over an extended period of time. Financing of major investments is generally accomplished through debt obligations that are repaid with interest over an extended period of time. Accounting principles require that these assets, referred to as depreciable tangible capital assets, be amortized into expense based on the expected useful life of the assets.

Major capital investments are generally supported by specific funding provided by the Ministry of Education. Such funding is referred to as a deferred capital contribution and these amounts are recognized as revenue at the same rate as the related tangible capital asset is amortized into expense. Internally supported tangible capital assets are amortized in the same manner as those supported by contributions from the Ministry, but there is no related deferred revenue.

Expenditures – Retirement Gratuities and Other Payments

Retirement Gratuities, Other Payments and Adjustments

Employee future benefits are amounts payable at termination, after completion of employment or while an employee is on short or long-term disability. The benefits include gratuity payments arising from the cumulative sick leave plan that was discontinued in August 2012, compensated absences relating to the sick leave plan implemented in September 2012, the provision of health and dental coverage to certain groups of retired employees and the waiver of benefit premiums for employees on long-term disability. The District relies on actuarial valuations in determining costs associated with employee future benefits.
